TOPOGRAPHY DIVISION

NOTE.—The Division of Topography has on file maps showing all roads used by the rural free delivery mail service. Rural delivery routes are shown in detail on county or local maps which, with a few exceptions, are drawn to the scale of 1:62,500 or 1:63,360 (1 mile to the inch). Maps of more than 1,550 counties in the United States have been prepared by the Post Office Department and blue-line prints, made from the latest available negatives, are sold for 50 cents per copy. Each county map shows in addition to the roads traveled by rural carriers, all post offices within the county at the time the negative was made and all other roads, houses, schools, and churches known at the time the map was originally drawn, together with an outline of the drainage. A list of the county maps on file will be furnished upon application to the Disbursing Clerk, Post Office Department, Washington, D. C. Rural delivery routes emanating from post offices in counties for which county maps have not been drawn are shown on local maps. Blueprint copies of such maps are sold at 25 cents each. Orders for all postal maps should be accompanied by money order and addressed to the Disbursing Clerk, Post Office Department, Washington, D. C. Rural delivery maps should not be confused with the State post route maps which are listed in the Monthly catalog for January 1940, page 109.

SELECTIVE SERVICE SYSTEM

NOTE.—The Selective Service System was established under provisions of act approved Sept. 16, 1940 (Public 783, 76th Congress). The Director of Selective Service is appointed by the President, with the advice and consent of the Senate, and is directly responsible to the President. The act further provides for the establishment within the Selective Service System of civilian local boards and other civilian agencies in each county or political subdivision corresponding thereto of each State, Territory, and the District of Columbia. The State headquarters operates the Selective Service System within the State; the National Headquarters, within the Nation.

SMITHSONIAN INSTITUTION

NOTE.—In a recent price list, the Smithsonian Institution publishes this notice: "Applicants for the publications in this list are requested to state the grounds for their requests, as the Institution is able to supply papers only as an aid to the researches or studies in which they are especially interested. These papers are distributed *gratis*, except where price is given, and should be ordered by the *publication numbers*, arranged in *sequence*. The serial publications of the Smithsonian Institution are as follows: 1. Smithsonian contributions to knowledge; 2. Smithsonian miscellaneous collections; 3. Smithsonian annual reports. No sets of these are for sale or distribution, as most of the volumes are out of print. Special publications are also issued from time to time. The papers issued in the series of Contributions to knowledge and Miscellaneous collections are not public documents, but are printed in limited editions at the expense of the Smithsonian Fund. They are distributed without charge to public libraries, educational establishments, and learned societies in this country and abroad; and are supplied to other institutions, and to individuals at the prices indicated. Remittances should be made payable to the 'Smithsonian Institution.' A discount of 20 percent is allowed to bookdealers. The Smithsonian report volumes and the papers reprinted in separate form therefrom are distributed *gratis* by the institution to libraries and individuals throughout the world. Very few of the Report volumes are now

available at the Institution, but many of those of which the Smithsonian edition is exhausted can be purchased from the Superintendent of Documents, Government Printing Office, Washington, D. C. The Institution maintains mailing-lists of public libraries and other educational establishments, but no *general mailing-list of individuals*. A library making application to be listed for Smithsonian publications should state the number of volumes which it contains and the date of its establishment, and have the endorsement of a Member of Congress."

The only Smithsonian publications that are regularly issued as public documents are the annual report volumes. The publications in the other series have free transmission by mail, and therefore, are included in the Monthly catalog.

NATIONAL MUSEUM

NOTE.—The publications of the National Museum comprise an annual report and three scientific series, viz. Proceedings, Bulletins, and Contributions from national herbarium. The editions are distributed to established lists of libraries, scientific institutions, and specialists, any surplus copies being supplied on application. The Proceedings are usually brief technical papers and the Bulletins generally monographs based on the Museum collections in biology (except botany), geology, and anthropology. Contributions from national herbarium are wholly botanical. No sets of any of these series can now be furnished.

The Proceedings are now issued in pamphlet form only. The separate papers will be sent to depository libraries and to others designated to receive them, as issued, and a title page and index will be published for each volume so that the volume may be bound if desired.

STATE DEPARTMENT

NOTE.—All publications of the Department (except laws and treaties) have, since Oct. 1, 1929, been numbered consecutively in the order in which they were sent to press. Publications of a similar character are brought within well-defined series, and each series publication bears a series number in addition to its publication number. The diplomatic correspondence of the United States is published in the volumes entitled Foreign relations of the United States. Laws are issued in separate series and are numbered within each series in the order in which they are signed. Treaties are issued in a separate series and are numbered in the order in which they are proclaimed. Treaties are also published in the compilation Treaties and other international acts of the United States of America, which contains literal copies of the documents, followed by notes of a textual and procedural character. The Department of State Bulletin, published weekly and indexed semiannually as of the dates of the last issues in June and December, contains the texts of the daily mimeographed press releases, information regarding treaties and other material on the Department's

How to order publications—See General Information

work. The Bulletin contains each quarter a complete list of the Department's publications for the preceding quarter.

The list below frequently includes certain relevant publications issued by other agencies of the Government under requisition of the Department of State and certain relevant congressional documents.

Under the practice of the State Department prior to the inauguration of the Executive agreement series (no. 181 which is listed below) the material would have been published in the Treaty series. Those desiring to maintain a joint file of the Treaty series and the Executive agreement series may insert each number of the Executive agreement series in its appropriate place in the Treaty series, which place will be indicated in each number of the Executive agreement series.

For information concerning Executive orders and Proclamations of the President, formerly promulgated by the State Department, but beginning with Mar. 12, 1936, distributed by the Federal Register Division, see National Archives, Federal Register Division, *Federal register*.

TAX APPEALS BOARD

NOTE.—The Board of Tax Appeals reports are first promulgated in leaflet form, designated as "advance sheets." At the end of each month, these advance sheets are consolidated into pamphlet form and published as "advance parts." A list of memorandum opinions is included in each pamphlet. Later, the advance parts are consolidated and issued in bound volumes. Both the advance sheets and the advance parts are sold on subscription by the Superintendent of Documents, Government Printing Office, Washington, D. C. The subscription price of the "advance sheets" is \$2.25 per volume, foreign subscription, \$2.85; single copies usually 5c. The "advance parts," or monthly consolidations, are sold as follows: 20c., single copy, \$1.25 per volume, foreign subscription, \$1.85. The price of the bound volume will be given upon application.

Army regulations.

NOTE.—Army regulations are administrative regulations and are issued in pamphlet form for insertion in loose-leaf binders. The names of such of the more important administrative subjects as may seem appropriate, arranged in proper sequence, are numbered in a single series, and each name so numbered constitutes the title and number of a pamphlet containing certain administrative regulations pertaining thereto. Where more than one pamphlet is required for the administrative regulations pertaining to any such title, additional pamphlets will be issued in a separate sub-series.

NOTE.—This is volume 3 of a set containing special legislation on river and harbor improvement. Volumes 1 and 2, covering period from 1790 to 1913, were published as House document 1491, v. 1 and 2, 62d Congress. Another volume 3, containing laws having a general application, was prepared in the Office of the Judge Advocate General, Army, and was published as House document 1491, v. 3.

The volume cataloged herewith supersedes a publication containing laws covering period from 1913 to 1925, which was published as House document 347, 67th Congress.

MISSISSIPPI RIVER COMMISSION

NOTE.—The publications of the Mississippi River Commission consist of annual reports, annual pamphlets showing daily river stages, annual pamphlets showing daily river discharge, and annual pamphlets showing results of river discharge measurements; also publications of the Waterways Experiment Station operating under the direction of the Mississippi River Commission. The Mississippi River Commission publishes maps and charts of the Mississippi River; navigation maps of the Mississippi River from Cairo, Ill., to the Gulf of Mexico, Louisiana; and wall maps, in colors of the lower Mississippi River Valley from the head of the St. Francis Basin near Cape Girardeau, Mo., to the Gulf of Mexico, Louisiana, scale 1:500,000 and 1:250,000. Topographic quadrangle maps in colors, scale 1:62,500 of the alluvial valley of the lower Mississippi River are also published by

FINANCE DEPARTMENT

Finance circulars. ‡

NOTE.—Finance circulars contain instructions and information of a relatively permanent character pertaining to the performance of the technical duties of finance and disbursing officers and of property auditors. Though bearing dates, they are grouped according to subject matter. Each group of circulars is designated by a letter, and the circulars in each group are numbered consecutively. Numbered changes are issued separately for each circular as required. Issued with a T-hole punch for binding.

INDEX

TO MONTHLY CATALOG, JANUARY-DECEMBER 1940

NOTE.—Entries appear in this index (1) under names of Government or corporate authors; (2) under personal authors; (3) under series titles or titles of publications, if distinctive; (4) under subjects. Specific subjects are not duplicated under the Government authors.

The list of page numbers immediately following the name of any Executive department, bureau, office, etc., refers to all entries under the corresponding center head (or to entries in the text where that name occurs) on those pages of the Monthly Catalog proper.

Inclusive paging is not given, except in the case of hearings and reports under the names of the Committees of Congress, the names of the individual Congressmen submitting reports, and for certain entries under "Laws."
